

Noranco Receives Bombardier 4 Star Recognition

Noranco is pleased to announce that we have been awarded Certification to 4 Star Status in the Bombardier Aerospace Supplier 5 Star Performance Program in October 2010.

To qualify for 4 Star Status, suppliers are required to achieve and sustain excelling performance levels in the following disciplines:

- Delivery & Service
- Quality Management System
- 5S Program Maturity and Stability
- Supply Chain Control and Development
- Employee Engagement
- Continuous Improvement Program Achievements

The qualification demands sustained and continuous improvements throughout our entire Business Management System and involved the complete cooperation of all employees at every level of the organization.

We are extremely proud of this next step achievement in performance and the associated dedication and determination demonstrated by our employees. We continue to have a strong awareness and mission to achieve the highest levels of performance to ensure we are the supplier of choice for our customers.
